

## Benefit Highlight

**SAVE  
£55**

### It's a GPS Christmas

The Memory-Map Adventurer 3500 has everything you need in a GPS device, displaying real-time positioning on Ordnance Survey mapping. It comes pre-loaded with OS Landranger 1:50k mapping for the whole of Great Britain and also includes full Memory-Map PC software, so you can print maps, plan routes and transfer routes, tracks and waypoints to and from your home computer.

It's ready to use straight from the box too, and its touch-screen interface makes everyday operation easy. The 3.5-inch colour screen is clearly viewable

outdoors and displays maps extremely quickly, while the high-sensitivity fast-lock GPS allows accurate positioning even in built up or wooded areas. Maps for the Adventurer 3500 come on microSD cards (a 4Gb card is included) so you can add any extra mapping you need. A mains and car chargers are included, as are a lanyard, belt buckle, and even a bike mount.

The Adventurer 3500 usually retails for £380 with GB mapping, but CTC members can purchase it for just £325. Simply call **0844 811 0950**, and quote your CTC membership number when you order.
